

BHPC - Chair's Report Monday 12th December 2022.

A quiet month, with very little to report from the Chair.

It was great to see the Christmas tree arrive last week, always a welcome festive sight on the Parade. As I have been driving around the county this week I have noticed many Christmas trees in the villages all decorated with baubles etc. something we could look to do next year maybe ?

It is really pleasing to see the projects that were planned for at the strategic planning meeting underway, starting with changing the street lights and replacing the astro-turf early next year.

I am meeting with the Bowdler Trust on Monday afternoon with a view to awarding financial support for the education of young people in Shropshire. I will be able to update councillors on Monday evening as to what support the Trust awarded.

I hope that you all have a wonderful Christmas with your family and friends and all the best for the coming New Year.

Caroline Clode

Bayston Hill Parish Council Chair
