

BMX Track Maintenance

29<sup>th</sup> June, 2022

The BMX Track has many worn areas in the fine grit surface and is in need of resurfacing.

We have approached the contractor who has carried out this work for us in the past and have two options.

#### **Patch up of individual holes**

For three people for half a day of labour.

This includes the hire of an excavator and dumper and also labour to carry out the works. Does not include diesel.

Approx. £770 plus VAT

OR

#### **Resurfacing of all gritted areas**

This will be a one day's labour for three people, min.

This includes the hire of an excavator and dumper to transport the material from our compound up to the track. Price does not include diesel.

This will involve resurfacing all areas of the track that are already surfaced.

£1280 plus VAT

#### **Materials**

Longcliffe Quarry

3mm-Dust Limestone

£48.95 per tonne + VAT

£1,174.80 PER 20T LOAD INC VAT
