Clerks Report November 2022

Staff – We are back up to a full compliment now after the return of a staff member that had been off long term, all return-to-work measures were taken.

We held a walkabout with members on 17th October which I know both Peter and I found very beneficial and it assisted greatly with information at the Services meeting that followed.

The Big Green Week was a huge success, the group are planning a de-brief shortly. We worked with the school and other organisations across the week. Lots of photos kindly taken by Cllr Underwood were shared on our social media.

I am awaiting a date from our web provider who is going to train me to format the website.

We held our strategy meeting with Kim Bedford on October 12th, Kim's report is on this evenings Full Council agenda.

The additional parts for the Parade works have been received this week and work should commence imminently.

The tender process for the Astro is going very well, we have received several contacts for a site visit.

Planning – The Lyth Hill Road development application is expected any day now, I will forward info to members as I have it.

Events

November 11th 11am Remembrance Observance – all welcome – 10.30 arrival please.

November 30th – Xmas tree delivery for Parade

December 13th – Carols on The Parade

Julie Hodgkiss, Clerk/RFO
