RE: Lythwood Lane Pothole Repairs

Scope of Works:

- Cut out tarmac to create clean vertical edges to the current potholes as marked out with Peter and Will.
- Any debris to be removed.
- Type 1 MOT to be laid to desired depth and comprehensively compacted using a whacker plate where required.
- Exposed tarmac edges to be primed using a bitumen cold joint sealer.
- Cold lay macadam to be installed to finish height and comprehensively compacted using a whacker plate.
- Surface edges to then be sealed using a bitumen cold joint sealer.

Estimate Total: £1400
