- F12.24/25 RECRUITMENT DOCUMENTS AND TIMELINE**
RESOLVED: MU proposed to approve the recruitment documents and timeline and in addition accept Finance and Personnel's recommendation to employ a temporary handyperson until the permanent post recruitment took place, seconded by AP and agreed by all members present.
- F13.24/25 WILDFLOWERS A49**
RESOLVED: MU proposed to approve new wildflower area in conjunction with Tarmac on the A49, seconded by CS and agreed by all members present.
- F14.24/25 SHROPSHIRE LOCAL PLAN EXAMINATION**
 Members discussed the documents shared by Shropshire Council and the following points were to be fed back.
- Overall - This type of consultation process is very important to a Parish Council. However, the vast majority do not have either the resources or the expertise to properly undertake the scrutiny of this volume of information and the associated documents involved. We ask that Shropshire Council consider this for future consultations of this nature and provided sufficient time for a Parish Council to procure the service of a competent person who can assist them in preparing a full and robust response. We would also request that the cost of this should be met by the Council which have instigated the consultation. We were only made aware of this consultation on 14 May and attended a briefing on 22 May with the consultation ending on 11 June we had to resolve our position as at Council on 3rd June. Less than a month. This is just not enough time to complete the process.
- Housing and Employment Paper - No where in any of the documents is mention of bordering authorities. If plans are being drawn up without consideration to other authorities how can the plans be ensured not to unduly impact particular areas? There are already considerable "crunch"

Signed:..... Date:.....

points of traffic on our major roads (if not all roads) around Shrewsbury including the M54.

Reference BAY003 – This site was considered in the Shrewsbury Place Plan Area Site Assessment published in December 2020 and was removed from the site assessment process. Nothing has changed that justifies it being included now in the current Additional Sustainability Report Published April 2024. Additionally, Bayston Hill would not be able to sustain such a development, we do not have the infrastructure available to support this potential development and it sits outside of the development boundary and it would fly in the face of Being Carbon Neutral by 2030.

F15.24/25

FOOTBALL PITCH MAINTENANCE

RESOLVED: CT proposed to approve a revised quote for pitch maintenance, at £9380 from D Shotton, inline with the pattern of works carried out in 2022, seconded by AP and agreed by all members present.
